

SAINT PAUL WATER WORKS.

Ramsey County MINN.

The land on this sheet proposed to be taken for right of way is two rods in width. - one rod on each side of the line drawn from a point 300 ft in the lake from the shore of Lambert's Lake to Vadnais Lake with a Bulkhead & Gate at Lambert's Lake. The courses given are Magnetic and the distances are marked in feet.

State of Minnesota
Ramsey County.

On this 7th day of July 1869 before me came personally James Gilfillan to me known to be the President of the Saint Paul Water Company, and D. L. Curtis and J. S. Walsted to me known to be the surveyors, who made the survey for the line of the works of said Company, as proposed to be extended, and of the line of said works heretofore located, and who made the map of said Company to be relocated, and who made the map of each survey, and the said James Gilfillan President as aforesaid duly acknowledged that the annexed map of eight sheets numbered from one to eight inclusive, of which this is Number Five, was caused to be made by said Company for the purpose of showing the location of the line of the Works of said Company, as proposed to be extended, and also the location of the line of such works heretofore located, as proposed to be re-located, and the lands necessary to be taken for such extension, and re-location, and that the same correctly show the location and re-location of such lines, and such lands necessary to be taken - and said D. L. Curtis, and J. S. Walsted each acknowledged that they made such surveys and maps for said Company for the purpose aforesaid and that said map correctly shows the location of the line of said works as proposed to be extended and of such line heretofore located as it is proposed to be re-located, and of the lands necessary to be taken for such extension and re-location.
