

SAINT PAUL WATER WORKS.

Ramsey County, MINN.

The land on this sheet proposed to be taken for right of way is two Rods in width. — One Rod on each side of the line drawn from ~~XXX~~ Pleasant Lake to Vaduig Lake and the triangular piece at Pleasant Lake colored red — for Dam & Gate Curtis & Halsted Surveyors

On this 7th day of July 1869 before me came personally James Hilfillow to me known to be the President of the St Paul Water Company, and D. Blentier and J. S. Halsted to me known to be the surveyors who made the survey for the line of the works of said company, as proposed to be extended, and of the line of said works heretofore located, as such line is proposed by said company to be re-located, which this is number three (3) was caused to be made by said company for the purpose of showing the location of the line of the works of said company, as proposed to be extended and also the location of each line, and such lands necessary to be taken for such extension and re-location, and that the same correctly shows the location and the lands necessary to be taken for such extension and re-location.
