# Witness Corner to East Quarter Corner, Section 8, T. 29 N. - R. 23 W.

### Statement of Evidence

2022 September 8th, MnDOT survey personnel set a cast iron monument down 0.1 feet. Monument was set 350.00 feet Westerly of the East Quarter Corner and on the East-West Quarter Line. 4 tie positions were set and recorded.

Summary and Conclusion:

Due to the safety risk at the East Quarter Corner of Section 8 Township 29 Range 23, MnDOT has set a corner to witness this point.

| MONUMENT 374                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
