Remonumentation Survey

August, 1900 Set monument. Ramsey County Remonumentation Survey

This granite monument is within the lands condemned by the Federal Government in 1942 for the construction of the Twin Cities Ordinance Plant (TCOP). There is no record of the recovery or maintenance of the granite monument from the time it was set in 1900 until July 26, 1991 when the Ramsey County Surveyor's Office recovered a 8 inch square granite monument. In researching the acquisition of part of the property known as "TCAAP" from the Federal Government to Ramsey County, the Ramsey County Surveyor's Office found Reservation Map 216-14-1, dated January 20, 1942, drawn by Smith, Hinchman & Grylls, Inc. and Toltz, King & Day Inc. showing monuments, baselines, and property lines of the Government owned property. The map does not describe the monument at the Center of Section 15, T30N, R23W. but does graphically depict a square monument symbol at the location that is the consistent with other labeled granite monuments shown on the map. The map was revised November 1, 1957, July 17, 1961, May 12, 1975, and July 27, 1993.

July 26, 1991	Found 8 inch square granite monument down 0.6 feet in old bituminous road.
