Located monument in Bituminous Road. Monument under tree cover; set up two static session points southerly of monument. Used two static points to turn angles and distances into cast iron monument. Used static data along with angles and distances observed in the field to obtain 2011 coordinates on monument. Monument shift between published NAD83 (1986 Adj.) and NAD83 (2011 Adj.) did not follow trends. Checked this with County Traverse Data. Traverse data confirms monument has been disturbed. County will locate granite monument under cast iron monument in Spring 2016. For information on this monument, contact Chris Terwedo (651-266-7178) or Dan Baar (651-266-7170) at the Ramsey County Surveyor's Office
