

NOTE:  
 The purpose of this layout is to establish a center line of right-of-way which is in agreement with the pavements in place. This layout will not have a jog in the center line like the paving plan, where it changes to provide for pavement separation.

1" = 100'

RIGHT OF WAY PLAN OF NAGASAKI ROAD  
 FROM LAFAYETTE RD TO AIRPORT

SCALE 1" = 100'
