was 100.

6/15/71 - Added Skyway Restaurant Sign easement
on sheet B & dwg. sheet B

By

Charles O. Georgi
REGISTERED LAND SURVEYOR

Northerly Centre Corporation
Skyway Building

Attached herewith are 11 pages of descriptions for walkways, areas, stairs and escalators located within the boundary lines of the Skyway Building. Also there are 3 large sheets of drawings that delineate each description, and each is cross referenced.

The parcels of land are for public easement which is limited in height vertically as well as horizontally without overlapping either way in space.

The areas are in accord with the plan sheet "H and R.A. Concourse Credits" by the Architect, Grover Dimond & Associates. Each area marked by the Architect and approved by the Housing and Redevelopment Authority has been measured under my supervision to provide as built distances and heights. All areas are calculated to the nearest square foot for each parcel.

The total area is 14,197 Sq. Ft.

To the best of my knowledge, each parcel is subjected to whatever encroachments, ^{or conditions} in the form of railing or entranceway that exist therewith. The interior of the building is nearly completed.
