AWARD OF DAMAGES

STATE OF MINNESOTA; County of Ramsey, Town of Mounds View, SS:

Whereas, a road was laid out on the within petition on the twenty-six (26th) day of March, A.D. 1887, by us, the Supervisors of the said Town of Mounds View on the petition of eight legal voters who own real estate or who occupy real estate under the homestead or pre-emption laws of the United States, or under contract from the State of Minnesota, within two (2) miles of said road as under the new Law of said road; which said road being described is set forth and described in the foregoing Supervisors' Order, made by us, and-----

Whereas, a part of the damages sustained by reason of the laying out of the said road has been ascertained by the agreement of the owners of the lands through which said road passes, with us, and a part of the owners of the said lands have in writing released all claims to damages; but not being able to agree with the owners of the following described lands, claiming damages by reason of said highway passing through, and the owners of some of the said lands being unknown, we have assessed the damages to each of such individual claimants with whom we could not agree, and awarded damages to the owners of such lands through which such highway passes as are unknown, at what we deemed just and right; taking into account and estimating the advantages and benefits the road will confer on the claimants and owners, as well as the disadvantages.
