County Surveyor Coates then reported that the request of the Town Board of NEW CANADA has been considered, and it is recommended that BOCK STREET from County Road "A-2" to County Road "D", a distance of two and one-half miles be added to the COUNTY ROAD system beginning January 1, 1933. This road has been graded and graveled during the past two years to meet the standards for secondary county roads. He also recommended that their request for taking over and maintaining CORTLAND STREET from County Road "A" to County Road "A-2" be denied as this street does not meet any standards of county road construction and should therefore not be considered until it has been graded to meet the standard requirements of a secondary county road.

After consideration of said report, Commissioner Swan moved, seconded by Commissioner Gibbs, that the recommendations be received, concurred in, and approved, and motion carried by the following vote: Ayes - Carr, Gibbs, Peter, Swan, and Mahoney. Nays - None.
